

Formerly Known As Dykstra Construction  
& Miller Construction Management

## CONSTRUCTION SERVICES

Whether it's a hard bid or negotiated construction project, JF Construction Services is a team of professional estimators, project managers and superintendents that provide exemplary service to our valued customers. With licensing across the nation, we specialize in convenience stores, petroleum tank installations, and commercial buildings projects, including new construction, interior renovations, remodels, and additions in commercial construction. Review our state licenses on pages 15 - 17.

### Scheduling

- Expert scheduling to ensure projects are executed with precision and efficiency.
- Streamlined timelines for project completion without compromising quality.
- Agile scheduling strategies to adapt seamlessly to unexpected challenges.
- Clear milestones for progress tracking and timely project updates.
- Tailored schedules that align with client objectives and expectations.

### Cost Control

- Thorough budget development to establish realistic financial frameworks.
- Cost-effective resource allocation without compromising quality.
- Clearly outlined and transparent cost estimates for informed decision-making.
- Continuous monitoring and adjustments to maintain budget adherence.
- Innovative solutions to maximize value while minimizing costs.

### Sustainable Building

- Incorporation of eco-friendly design elements into construction projects.
- Implementation of technologies and practices for reduced energy consumption.
- Sourcing and utilizing sustainable materials for construction processes.
- Strive to achieve Leadership in Energy and Environmental Design (LEED) certification.
- Commitment to minimizing the ecological footprint of construction projects.

### Project Communication

- Transparent and accessible communication channels for all stakeholders.
- Consistent updates on project milestones, challenges, and successes.
- Utilization of collaborative tools to enhance team communication.
- Swift identification and resolution of issues through effective communication.
- Active client engagement through regular meetings and status updates.
